Décor Services

STYLING AND DESIGNING YOUR EVENTS

Customised to your needs. And to the smallest detail.

We offer décor services based on your itinerary, taste and preferences. We strongly believe that one-size-fits-all does not apply to event décor and each event is unique in its own way. With that in mind, we customise all décor to your needs and taste so it goes with your personal style.

Each element from main stage to the table centrepieces is customisable so you have complete control over the look and feel of the event. And since we handle the resort as well, everything is in sync for a hassle free experience.
